The group faces threats from a group called the Wolves and deals with conflicts within Alexandria. Rick's leadership is challenged, but he emerges as Season 6 the de facto leader. The survivors encounter a new threat called the Saviors, led by the notorious Negan. The survivors are subjugated by Negan and the Saviors, living under their oppressive rule. Several members of the group are killed by Negan as a show Season 7 of power. The survivors form alliances with other communities, including the Hilltop and the Kingdom, to fight against the Saviors. The survivors engage in an all-out war against the Saviors. They launch attacks on various Savior outposts, engage in battles, and employ tactics to Season 8 undermine Negan's forces. The war culminates in a final battle at the Savior's main base, resulting in their defeat. The communities work to rebuild society and establish a new system of governance. They face conflicts with a group called the Whisperers, who Season 9 wear the skins of walkers and live among them. The Whisperers pose a significant threat and cause casualties and tensions within the communities. The Whisperer conflict intensifies as Alpha, the leader of the Whisperers, becomes more ruthless. The survivors face the threat of the Whisperers' Season 10 walker horde and deal with internal conflicts. The conflict culminates in a large-scale battle between the communities and the Whisperers.

The final season of the series, where the survivors of Alexandria continue to face new challenges and confront the remaining threats in the postapocalyptic world. They strive to secure their future and forge alliances while dealing with the Whisperers and encountering the powerful Commonwealth group.
